The parties agree that applicable provisions of the collective bargaining agreement may, by mutual agreement, be re-opened at any time for the purpose of negotiating standardized pay practices, to the extent required by law.

ARTICLE 7: PROBATIONARY AND TRIAL SERVICE PERIODS

7.1 General

Employees covered by this Agreement shall be classified as regular, or temporary and may be either full-time or part-time. The Employer shall staff positions as full-time regular employees where possible, recognizing that legitimate work requirements or employee needs may require the use of part-time or temporary employees. The rights and benefits for temporary employees shall be consistent with all applicable provisions of the King County Code and the King County Charter, except where provisions under this Agreement provides greater rights and benefits.

7.2 Probationary Period

The first nine (9) months of regular employment shall be a probationary period. During this period an employee may be terminated without recourse to MLA Article 26, the Grievance Procedure or any other right to appeal. The County maintains the exclusive right to extend or reduce the length of an employee’s probationary period; however, the probationary period shall not exceed a maximum of twelve (12) months of actual service. The employee and the Union chapter president will be notified of such extension or reduction, including the duration of the extension or reduction, prior to the end of the initial probation period. ARTICLE 8: PERSONNEL ACTIONS

8.1 Job Postings – See MLA Article 18.

8.2 Acting Assignments

Regular positions may be filled on an acting or temporary basis for no more than six (6) months without a process that includes solicitation of interest among bargaining unit employees and selection based upon job-related criteria. In no case will a regular position be filled on an acting basis for more than one year without the mutual agreement of the Union and WTD.

8.3 Transfers

Bargaining unit employees who have been members of the bargaining unit for at least five years, and who have had no documented performance deficiencies within the preceding six months and have the requisite skills for the position, shall have the right to transfer to openings in their job classification family based on classification family seniority before openings are filled through a competitive process. However, management retains discretion to permit transfers of employees who do not meet the above criteria.

For the classification families of Operator (excluding OITs and Senior Operator in Charge), Mechanic, Electrician, and Instrument Tech, the above transfer provision shall be administered as follows: the first job opening in each classification family will be filled by transfer, then job openings will alternate between a regular competitive process and transfer thereafter, with a limit of 2 competitive processes per year per section per classification family.

Employees may express interest for transfer by submitting an on-line application in the current HR Staffing Application system during the posting process. Employees may also apply for competitive postings.
8.4 Competitive Positions

Regular and special project positions lasting longer than six (6) months will use a competitive selection process. All employees, including temporary employees, are eligible to apply for these positions. Except that employees who have been members of the bargaining unit for less than 5 years are not eligible to use the competitive process to apply for openings in their current job classification family, but would be eligible to compete for promotional positions. Employees who have attained career service status or are in a regular appointment, but serving a probationary period, have preference over candidates with temporary status. Probationary employees who are selected for another competitive position, will serve a six (6) month probationary period in their new position. If they do not successfully complete the probationary period in their new position, management will make a good faith effort to assist the employee in finding another position, but will not guarantee that the employee will be placed.

A. The Employer will post announcements of openings at all work-sites for a minimum of fourteen (14) calendar days. Selection criteria developed with participation by the affected business team will be established in advance of the recruitment. The announcement shall include the selection criteria to be used in that selection process as well as an indication of whether that recruitment process will include a list of candidates to fill vacancies that occur during the following six (6) months.

B. The end date for special project positions will be clearly stated in the posting.

C. If there is a qualified internal candidate to fill the opening, based upon the selection criteria for that specific position (as opposed to the more general qualifications listed in the classification specification for the position), the position will be filled internally.

D. Except for special project positions, if an opening occurs within six (6) months of the establishment of a list of qualified candidates, the Employer may select the most qualified candidate(s) from the list.

8.4.1 Internal Candidates

Internal Candidates refers to all employees covered by this Agreement. Employees who have attained career service status or are in a regular appointment, but serving a probationary period, have
preference over candidates with TLT or temporary status.

8.4.2 External Candidates

If no qualified internal candidate is selected by the appointing authority, the position may be posted for applications from candidates not covered by this Agreement, following the County’s established hiring practices.

8.5 Selection Process

An interview panel, including representation from the Local 925 members on the business team, will consider all qualified candidates and make referrals of qualified candidates in writing to the hiring authority. Recommendations shall be based upon job-related criteria. If all candidates’ qualifications are comparable, then WTD-wide seniority takes precedence.

8.6 Step Placement

Those promoted shall move to the lowest step on the wage scale of the new classification, which provides at least a one-step (approximately 5%) increase in pay over the employee’s previous rate of pay.

Employees moving from a higher to lower salary range shall be placed at a step equivalent in pay rate, but, not to exceed the top step of the employee’s new classification.

Exceptions will be made in cases where the employee is moving to a classification within a higher or equivalent classification family, or to a higher or equivalent classification. In this event, the employee shall be “Y” rated (frozen), if they are placed at a step that is lower than their previous base rate of pay. The “Y” rate shall continue for a period of two (2) years, or until the employee progresses to a step that meets or exceeds their “Y” rate, whichever is sooner. If, at the conclusion of the two (2) years, the employee is still “Y” rated, the employee’s base rate shall be adjusted downward to the salary step commensurate with their experience based upon the step criteria.

Cost of Living Adjustments shall not be applied to the “Y” rate. At such time that the step occupied by the “Y” rated employee meets or exceeds the employee’s “Y” rate, the “Y” rating will end.

Employees will progress through steps at one (1) year intervals upon a standard performance appraisal rating (at least 3.0).
Employees serving a probationary period must complete their probationary period before advancing to any higher level classification through job progression, unless they advance through a competitive hiring process.

For purposes of this section, determinations as to whether a placement falls within a higher, lower or equivalent stand-alone classification or classification family will be based upon the top step of the new salary range in comparison with the top step of the old salary range.

8.7 Senior Operator-in-Charge

Senior Operator-in-Charge positions will be filled through a competitive recruitment process of all qualified Senior Operators. These positions may be designated as permanent or non-permanent, and such designation shall be made clear on the posting to fill the position. (No current SOIC positions/assignments will have their duration changed.) Non-permanent Senior Operator-in-Charge positions will be advertised every three years and allow for rotation of qualified employees to provide development opportunities. Senior Operator-in-Charge positions are not subject to the Seniority Bid Process.

8.8 Seniority Bid Process - Operators

Definition:

Implementation:

• The Seniority Bid Procedure shall be completed by March 31, 2008 and will take place every three (3) years thereafter.

• Employees who filled a vacancy through a competitive process in the twenty-four (24) months prior to the bid process date of March 31 can request to be exempt from the process and remain in their current assignment. (This does not include employees who were hired, transferred or promoted from outside the Operator Classification Family within this twenty-four (24)-month time frame.)

• Senior Operator-In-Charge positions are exempt from this process.
• Vashon Island positions are exempt from this process.

Selection Committee:

The committee shall be comprised of the Section Manager, two (2) Management representatives, a representative of Local 925 and two (2) Shop Stewards. The objective is to have equal Union and Management representation in the decision making process. Decisions will be based on:

• Business needs identified by the Section Manager (by January 1 of the applicable year).

Business needs shall include but not be limited to the number and purpose of business teams, the number of Operators assigned to each business team, the mix of skill level (as determined by certifications held and standing in job progression) needed for each business team. In addition, assignment to the rotating shift crews will include consideration of the employee’s record of attendance.

• Employee classification family seniority. Seniority preference shall not be bypassed for other than identifiable business needs.

• Disciplinary record of the employee for the preceding six months.

• In the event the Selection Committee fails to reach consensus, the final decision shall be made by the Section Manager and is subject to the Grievance Procedure.

Bid Selection:

• All employees in the Operator Classification Family shall fill out a Bid Preference Form and submit it to the Selection Committee Facilitator and be given a receipt confirming a form was submitted.

• Bid Preference Forms which are partially filled out or not turned in by the deadline, shall be considered incomplete by the Selection Committee.

• Bid preferences will be considered by the Selection Committee in order of classification family seniority as defined in Article 9 of this Agreement.

Selection Committee Process:

The Selection Committee shall use the following process when determining job assignments:

• Review the classification family seniority roster generated by the employer and verified by
the Union.

- Consider an employee’s preferences as indicated on the Bid Preference Form completed by each employee (by the bid process date of January 15, 2005).
- Determine whether any incomplete forms have been submitted. Incomplete forms may result in the committee selecting the job assignment for that employee. Selections by the committee in these cases are not subject to the Grievance/Arbitration procedure.
- Confirm employee meets identified business needs.
  If multiple employees meet these criteria, they are placed in order of classification family seniority (Management has discretion to keep a disciplined employee in their current job assignment).
- At the conclusion of the process, the Section Manager will notify employees of the job assignments.

**Seniority Bid Process Time Line:**

- **By November 1**

  Notify the Section Manager of the need to select committee members.

- **Before January 1**
  Selection Committee is identified and the Seniority Bid Process meeting is scheduled.
  The Union is requested to verify a classification family seniority roster for each section.
  Section Manager identifies business needs.
• **Before January 15**
  
  Classification Family Seniority roster verification due from the Union.
  
  Bid Preference forms due from the employees.
  
  Facilitator will have current operations roster for the meeting.

• **Before January 24**
  
  Seniority Bid Selection meeting will occur and job assignments for employees in the Operator family classification will be determined.

• **Before January 31**
  
  Section Manager will notify employees of job assignments.

• **By March 31**
  
  Changes in job assignments will be completed.

### 8.9 Layoffs

In the event of a need for a reduction in force, the Employer will meet with the Union as far in advance as possible to identify the reasons requiring the reduction and the number and classifications and/or classification families of employees affected.

The Employer commits to provide training to affected regular employees that allows those employees to compete for other available jobs. The Employer and the Union agree that these affected employees shall be given preference for job openings within the bargaining unit for which they meet the minimum qualifications. If layoffs are required, the least senior employee(s) within the affected classification(s) shall be laid off on the basis of classification-family seniority, provided that those employees remaining on the job are qualified to perform the work assigned.

Employees subject to layoff from one classification family shall be allowed to exercise their retained classification family seniority rights in that other classification family. In such cases, the employee will be assigned to the classification which s/he last occupied within the classification family. The employee will be placed at the step of the new salary range which is closest to the salary that the employee received before the bump. The rate of pay may not exceed the top step of the new salary range.

Employees laid off shall be eligible for recall for two (2) years from date of layoff.
8.10 Recall

Employees shall be recalled in the order of seniority (the most senior being recalled first) provided that those recalled are qualified to perform the work assigned.

To be eligible for recall, a laid-off employee must keep the Employer informed of his/her current address and phone number. The Employer shall notify laid-off workers of recall by certified letter. When offered re-employment from layoff, the employee must indicate acceptance and report for work within thirty (30) days unless unusual circumstances prohibit return within that time period.

Employees failing to respond and return in a timely manner shall be considered as tendering their resignation from the Employer’s employment.

8.11 Temporary Hardship Assignments

A. When an employee believes a hardship exists, s/he may contact his/her supervisor in writing, explaining the hardship, with his/her request, including estimated duration.

B. After receipt of the request, within fourteen (14) calendar days, the employee, supervisor, the designated Union representative, and the section manager will meet to discuss the request. The EAP coordinator will be used as a resource if necessary. All requests and discussions will remain confidential. After this meeting, the employee will be notified, in writing, within seven (7) calendar days of the decision. The section manager, supervisor and the designated Union representative will make the final decision.

C. Hardship assignments will be structured to assist the employee to move back into full work schedule availability, with an agreement between the employee, the immediate supervisor and the designation Union representative on a plan to return to their regular assignment.

D. This Section does not pertain to circumstances relating to ADA (Americans with Disabilities Act), medical accommodations, FML (Family Medical Leave) or time off for circumstances covered under the State of Washington Family Care Act.

Intent Statement

The intent of this Section is to define a hardship, its duration, and the process by which a request for a temporary hardship assignment may be approved.

Local 925 and King County recognize that employees occasionally have personal
circumstances that make it difficult for them to perform their current assignment. This Section is
designed to provide time for the employees to resolve their hardship and return to their regular work
schedules and job assignments.

**Interpretation**

A hardship is a situation of less than one (1) year duration that inhibits or makes it very
difficult for an employee to fulfill current job responsibilities. Requests for a hardship assignment
are to be considered temporary and the employee shall be available for all work schedules and job
assignments when the hardship ends.

There are no specific criteria for granting hardship assignments. Approval is based on the
specific circumstances of each request as determined by the supervisor, section manager, and the
designated Union representative. The following factors are recommended for consideration:

- A limited amount of flexibility is available to assist in hardship cases and thus there
  are a limited number of transfers that could be granted at any one time.
- The expectation is that at the end of the agreed upon time frame, the employee shall
  return to their original assignment (unless more recent bid process resulted in
  movement to a new assignment).

**ARTICLE 9: SENIORITY**

**9.1 Classification Seniority**

A. All regular employees shall accrue seniority from the date of hire in a regular
position. All probationary employees completing the probationary period shall be credited with
seniority retroactive to date of hire.

B. Seniority shall not accrue during leaves of absence without pay in excess of thirty
(30) calendar days, including family leave, except for leave due to active military duty or Union
business.

C. If an employee moves from a temporary employment status in a bargaining unit
position to regular employment status in a bargaining unit position with no break in service, the
length of employment in temporary employment status will be included when establishing the
seniority date(s).
D. Employees promoted from one classification to another shall retain seniority earned in the classification from which s/he was promoted, should they ever revert back to that classification family. Classification Family Seniority shall not transfer between classification families.

9.2 County-wide Seniority.

A. County-wide seniority is defined as the most recent period of continuous service as a regular employee with the Employer in any combination of positions/classifications.

B. The service date of regular employees who accept temporary assignments and subsequently return to their regular assignment shall not be adjusted, provided that there is no break in service with the County.

C. Previously accrued County-wide seniority shall be restored if the employee returns to County service within two (2) years of the severed employment date, provided the employee left in good standing.

9.3 WTD-Wide Seniority. WTD-wide seniority is defined as the most recent length of continuous service as a regular employee with the WTD in any combination of positions.

9.4 Classification Family Seniority. Classification family seniority is defined as the most recent length of continuous service as a regular employee within the WTD in a given job classification family.

Vashon Sewer District Seniority Credit. Former employees of the Vashon Sewer District, who were employed at the time of transfer of the Vashon Treatment facility to King County, shall be credited with all forms of seniority as defined by this Agreement, retroactive to their date of hire by the Vashon Sewer District.

Wastewater Support Specialist Seniority Credit. D. Employees will not be required to work longer than three (3) hours without a rest
or meal period except in emergencies.

14.3 Overtime (OT) and Compensatory Time (CT)

overtime calculation. However, employees who work more than 40 hours in a workweek (FLSA
workweek), will be eligible for overtime pay for all time worked beyond forty (40) in a workweek.
Additionally, employees who are authorized to work outside their regular workday or regular
workweek (starting before their regular start time, working beyond the end of their regular shift or on
a regular day off) will be paid either overtime for such additional hours at one and one-half (1-1/2)
times the employee’s regular hourly rate of pay or compensatory time at the rate of one and one-half
(1-1/2) times the amount of overtime hours actually worked. Salaried employees shall not be eligible
for overtime or compensatory time.

Examples:

• Employees who are authorized to work before or after their regularly scheduled hours of
  work are eligible for OT/CT, regardless if they had BT/CT during the workday.
• Employees who are authorized to work on their regular day off will be eligible for OT/CT,
  regardless if they had BT/CT during the workweek.
• Employees who work more than forty (40) hours in their workweek will be eligible for
  OT/CT.

with the first (1st) hour of their regularly assigned shift and continuing for a total of twenty-four (24)
consecutive hours. The workweek shall correspond to the biweekly pay period.

The business teams, with approval of the plant manager, shall draft procedures for assigning overtime to an employee in a week in which that employee uses BT.

When an employee is held over or called in for a work period that includes a regular meal period, the meal period will be unpaid.

A. Compensatory Time. Accrued compensatory time shall be available for the employee’s use as paid time off the job, however, no more than 40 hours may be used as discretionary time off in a calendar year without the section manager’s approval. Compensatory time used does not count as time worked. Accrued compensatory time in excess of forty-eight (48) hours (eighty (80) hours) where requested by the employee) shall be paid off at the conclusion of each calendar year quarter at the employee’s regular hourly rate of pay. A current balance of compensatory time hours available will be shown on the biweekly pay stub. Employees may not use compensatory time until it is earned and is shown on the biweekly pay stub.

B. Overtime/Compensatory Time Option. The supervisor and the employee shall determine which form of compensation will be provided. The employee’s preference for either overtime pay or accruing compensatory time or a combination thereof will be honored. However, business needs may prevent the employee from earning compensatory time in lieu of overtime pay. Whenever possible, this selection shall be made prior to the employee beginning the overtime assignment.

14.4 Compensation for Call-in, Call-back, and Hold-Over Overtime Assignments

As a result of working overtime on a call-in, call-back, or hold-over basis the preceding workday/shift, employees will be compensated for time not worked due to rest. This decision will be based on business needs and safety considerations. This section shall not apply to salaried employees.

Employees shall be eligible to receive one-half (1/2) hour of compensated rest time for each one (1) full hour of unscheduled overtime worked between the hours of 8:00 P.M. and 4:00 A.M.; or if the total number of hours worked (including their regular shift and overtime hours) equals or
exceeds fourteen (14) continuous hours, when the employee is scheduled to work on the following day.

Employees may use compensated rest time to cover hours not worked the following day during their regularly scheduled shift. The employee must be scheduled to work the same or following calendar day to be eligible to earn or use compensated rest time. Compensated rest time is only available to cover regularly scheduled hours the same or following day; it may not be used for any other reason. Employees will not be able to bank, accrue, or be paid down compensated rest hours. Employees may be able to work their following entire work shift.

Employees may come in to work late the following workday and work the same number of hours they would normally work (if work is available).

However, in any instance where the Business Team has not developed written policies and procedures for the assignment of overtime, or where the overtime work spans multiple Business Teams, or where the overtime work pertains to a capital project, the Plant Manager shall have the discretion as to the manner and method by which such overtime shall be assigned.

14.6 Work Schedule Changes

An employee’s schedule may not be changed in isolated instances (for example, bringing an employee off day shift to backfill for shift crew that night, or changing an employee’s schedule one week from
Monday through Thursday to Tuesday through Friday in order to perform duties on Friday solely for
the purpose of avoiding the payment of overtime, except as provided in Section 14.7. However,
nothing in this section shall prevent the change of an employee’s regular schedule to another regular
schedule (subject to the 14-day notice requirement where applicable), including when the rationale
for doing so is to reduce or prevent instance of overtime.

As provided in Section 14.1, WTD management agrees to bargain over the non-monetary
effects to those schedules specifically described in Section 14.1

14.7 Schedule Adjustment for Training

A. Mandatory Training. Mandatory training shall be compensated as hours worked.
Such training must be scheduled during the employee’s regular schedule, if possible, to avoid
overtime. Employees shall not be required to schedule adjust for mandatory training except when
required to avoid working over 14 hours in a 24-hour period. (Note: OIT training shall be
considered mandatory training for purposes of this section.)

B. Training in Support of Career Advancement. Employees who elect to pursue
advancement through job progression or the competitive bid process are encouraged to work with
their supervisor on a meaningful Individual Training and Development Plan (ITDP). While
compensation for training time may be approved, employees seeking advancement are expected to
attain any needed skills and knowledge through independent self study and attendance at training off
hours. Training time shall be compensated in compliance with the Fair Labor Standards Act (FLSA)
and state wage and hour legal requirements. Training time, not compensated under a legal
requirement, may be compensated when attended during regular work hours, if approved through the
request for training process. Approval for such paid training time will be granted or not granted in
consideration of budget, workload and relevance of the training to the employee’s advancement goal.
Schedule adjustments may be approved to align paid training time with an employee’s assigned work
hours. Overtime will not be granted for training unless approved by the Section Manager or required
under the FLSA.

C. Other Training. Compensation for time in training and costs of training, such as
tuition, for career enhancement shall be granted in accordance with the WTD training policy.
14.8 Schedule Adjustment

With Supervisor approval, employees that work non-rotating shifts can temporarily request a schedule adjustment with fourteen (14) day notice to their supervisor.

Example:

An employee that normally works a 4-10s schedule M-Th can request to schedule adjust to either a 5-8s schedule M-F or a 4-10 schedule and shift their work week to Tu-F.

ARTICLE 15: BENEFIT TIME

15.1 General Description

The Benefit Time (BT) Program recognizes the need for scheduled time away from the job (vacation and holidays) for personal reasons and for occasions when the employee must be away because of illness or injury. BT is the bank of time accrued for use during scheduled paid time off and unscheduled paid time off (excluding military leave, bereavement leave and jury duty). The program is designed to meet two primary goals. The first is to increase operating efficiency, and the second is to treat employees with dignity and respect.

Eligibility:

Full-time regular, part-time regular, provisional, probationary and term-limited temporary (TLT) employees shall accrue benefit time as specified in 15.4.

15.2 Principles

A. The Benefit Time Program is intended to provide a productive workplace where employees are encouraged to be healthy and regularly be at work.

B. Operational efficiency is increased by the responsible management of the benefit time usage.

C. Standards for BT usage will be developed and monitored by the Employer. These standards will recognize the diverse needs of the workplace and individual business team needs. The Employer will consult with the Union regarding these standards prior to implementation.

D. Problems regarding benefit time usage will be resolved in a positive manner consistent with good coaching and conflict resolution principles.

E. The Labor/Management Committee is responsible for overseeing any refinements
or improvements to the BT Program.

15.3 Guidelines

A. BT is to be used for holidays, vacations, prescheduled medical appointments, unexpected short-term absences, illnesses and injuries and donations, and absences to care for family members pursuant to federal/state law, and the County’s Family Medical Leave Policy and this Agreement. The employee is responsible for managing the use of their paid time off.

B. In order to use BT, the hours used must have been accrued by the pay period preceding the absence.

C. Employees are required to submit requests and receive approval for scheduled time off as far in advance as possible to facilitate business team planning, but at least prior to the end of the previous shift/workday.

D. Employees are required to notify the Employer each day of any unscheduled absence.

E. All BT shall be coordinated with, and supplementary to, workers’ compensation.

F. Except for salaried employees, employees who become ill or injured while at work shall be paid the applicable accrued benefit time for that portion of the shift that they are unable to complete.

G. As established in the BT Standards, employees unable to work because of any other personal emergency shall be allowed to use BT for any unworked but scheduled hours.

H. For purposes of leave administration with respect to protected leave notwithstanding, with County approval, Employees may be allowed to use up to 520 hours of BT in a single instance.

15.4 Benefit Time Accrual

The BT Program is built on the sum of vacation leave, sick leave, and holiday pay and is based on a bi-weekly accrual rate available to the employee as it is accumulated on a 2,080 hour year.
Benefit Time accrual shall be based upon County-wide seniority in accordance with the following schedule:

There shall be no limit on the amount of BT accrued.

**15.5 Donation of Benefit Time (BT) and/or Compensatory Time (CT)**

Employees will be allowed to donate their accrued BT and/or compensatory time to other employees who are unable to work due to personal circumstances, e.g., illness, injury or personal emergency. There is no limit to the amount of accrued BT and/or CT that can be donated. Hours must be donated in one-hour increments.

This donation of BT and/or CT will only be permitted in those situations where the employee to whom the hours are being donated, has or will shortly be exhausting his/her BT and/or CT. This shall be confirmed with Payroll prior to the commencement of donations by other employees.

No donation will be permitted in situations where the employee is on industrial injury status and is receiving workers’ compensation benefits.

Requests for donation will be considered on a case-by-case basis and will be coordinated by the Union shop stewards. The amount of benefit time and/or compensatory time donated shall be based upon the anticipated length of time the employee will be absent from work, as supported by available documentation from the employee’s physician.

Employees wishing to donate hours to another represented employee must complete a donation form and submit it to his/her section manager. The manager will approve the form...
1 upon the above criteria and forward it to the Payroll Section.

2 Donated hours not used within 90 days of donation shall revert to the donor.

3 Upon receipt of the donation request, Payroll will process the request, and the hours will be
4 transferred to the employee’s benefit time account in the next regular payroll cycle.

5 15.6 Cashout

6 A. UPON RETIREMENT OR DEATH

7 Upon retirement from the County or death, an employee or their beneficiary, shall be paid for
8 up to four-hundred eighty (480) hours of accrued benefit time (BT) at 100%.

9 All BT in excess of four hundred and eighty (480) hours shall be cashed out at 35% upon
10 retirement

11 Retirement means an employee is eligible, applies for and begins drawing a pension from
12 PERS or the City of Seattle Retirement Plan immediately upon terminating employment.

13 B. UPON SEPARATION

14 An employee, upon separation with the County, shall be paid for up to four-hundred eighty
15 (480) hours of accrued benefit time (BT) at 100%.

16 If an employee resigns without giving two weeks notice, the employee will forfeit thirty-three
17 percent (33%) of his or her accrued BT for that calendar year. They will be paid one-hundred percent
18 (100%) of the remaining hours up to a maximum of 480 hours.

19 If an employee leaves the Employer after working less than six (6) months, the employee will
20 forfeit sixty percent (60%) of his or her accrued BT. He or she will then be paid 40% of their accrued
21 BT at his or her regular rate of pay.

22 If the employee is terminated for just cause, the employee will forfeit thirty-three percent
23 (33%) of their accrued BT for that calendar year. They will be paid one hundred percent (100%) of
24 the remaining hours up to a maximum of 480 hours.

25 15.7 Holidays

26 Employees are expected to manage their use of BT to cover paid time off for holidays. If a
27 new employee does not have accrued BT to cover a holiday because it is too close to his or her hire
28 date, the employee’s next paycheck will be short by the hours that his or her BT bank does not cover.
Except for salaried employees, all work performed on the following holidays shall be paid at the rate of one and one-half (1-1/2) times the employee’s hourly rate of pay for all hours worked:

- New Year’s Day
- Martin Luther King’s Birthday
- Washington’s Birthday (also known as President’s Day)
- Memorial Day
- Independence Day
- Labor Day
- Veterans Day
- Thanksgiving Day
- Day after Thanksgiving Day
- Christmas Day
- Day before or after Christmas Day (as scheduling requires for non-shift workers; shift workers will observe the day before Christmas as the holiday)

Holidays will be on the actual day of the holiday for shift crews and on the day King County observes the holiday for employees whose workdays are between Monday and Friday, inclusive.

Shift employees required to work on Christmas Eve will be paid one and one-half (1-1/2) times the employee’s hourly rate of pay for all hours worked.

15.8 Holiday Shift Changes

Work schedule changes during holiday workweeks shall be made by the supervisor or requested by the employee at least fourteen (14) days prior to the holiday, or when a holiday work schedule is set by a business team.

The decision to modify an employee’s work schedule during a holiday workweek shall be made by the employee’s supervisor and business team(s) based on mutual benefit to the employee and the business need. Individual employees may not modify their work schedule without prior approval of their supervisor and/or business team(s).

15.8.1 Holidays for Laboratory Employees

Laboratory employees working a weekend rotating shift will observe the actual holiday.
Laboratory employees working a Monday through Friday shift will follow the observed holiday schedule. Employees shall not observe a holiday more than once. For example, an employee working Monday through Friday who then works the weekend shift shall be considered to be working the weekend and therefore shall observe a Saturday holiday on the actual day (Saturday).

15.9 Benefit Time Scheduling

Benefit Time requests submitted between January 15 and February 7 of each year shall be considered for approval in order of WTD-Wide seniority for the following 52 weeks beginning February 8.

BT requests made between January 15 and February 7 shall be approved or disapproved by February 21. Benefit Time requests submitted on or after February 8 each year shall be given preference in the order received. All Benefit Time requests shall be approved or disapproved within a 14 calendar day period.

15.10 Management commits to SEIU participation in a BT Standards Committee which will update and modify relevant sections (BT-related) of the current Workforce Standards.

ARTICLE 16: JOB PROGRESSION

16.1 Purpose And Intent

The Employer and the Union agree to maintain a job progression system that provides employees the opportunity to be reclassified from one level to the next higher level of the following classification families. Employees who are in a job progression classification may progress to the next higher classification level within the classification family provided they have successfully completed probation and meet the requirements for advancement.

- Operator-in-Training to Wastewater Treatment Operator to Wastewater Treatment Senior Operator
- Industrial Maintenance Mechanic to Industrial Maintenance Master Mechanic
- Inventory Purchasing Specialist I to Inventory Purchasing Specialist II
- Gardener to Senior Gardener
- Utility Worker I to Utility Worker 2

Advancement will be based upon the employee (advancement candidate) meeting specific
criteria, which demonstrates that the employee possesses the knowledge, skills and abilities to perform the full scope of duties required at the higher level. The Process Lab Specialist, Process Engineers, and Process Analyst classification families will maintain their existing job progression criteria.

The goals of the Job Progression Program are to provide covered employees in certain job classification families with the opportunity for career growth, to meet the Wastewater Treatment Division’s future workforce needs and to support King County’s policy of providing employees with internal career growth opportunities.

Employees participating in the program are expected to demonstrate initiative in seeking the training, work experiences and assignments needed to develop the skills needed to advance. Employees are encouraged to use supervisory feedback, the quarterly performance meetings, the annual performance evaluation process and the annual Individual Training and Development Plans as tools to support their efforts to advance through job progression. Employees will be expected to take advantage of employer provided training as well as pursue self study and training on their own to achieve advancement.

16.2 Job Progression Wage Structure

Progression candidates may apply for advancement to an annually convened review board after successful completion of their probationary period or having completed one regular annual performance appraisal period with an above standard rating (3.6667 to 4.333). Upon recommendation for advancement from the review board, the advancement candidate will advance to the step in the higher classification that provides a one step increase (approximately 5%) over their former pay step on the first of the pay period following the board’s recommendation.

16.3 Progression Criteria

An employee who has successfully passed probation in a classification that provides for progression to the next higher classification can progress from any pay step upon recommendation of a review board established for the purpose of evaluating employee readiness to perform at the higher level. The review board will meet annually and determine the following:

1. Whether the candidate possesses the certifications and licenses required at the
1. Whether the candidate has completed all required training;

2. Whether the candidate has achieved an above standard rating (3.6667 to 4.333) on their last performance evaluation or probationary evaluation; and has successfully completed any/all formal performance improvement plans;

3. Whether the candidate has sufficient experience at the established level in critical areas and under critical circumstances to demonstrate competent performance at the higher level classification;

4. Whether the candidate has passed, at the established level, any required knowledge, skills, general competency and/or specific technical proficiency tests;

5. Whether the candidate has been free of discipline for a minimum of one year and all disciplinary issues are resolved to the satisfaction of the Review Board.

16.4 Job Progression Timeline

Applications for job progression should be made by November 30th. The Division commits to publishing the timeline for job progression. The timeline will be published no later than six weeks after closing the application process.

16.5 Job Progression Portfolio

A job progression candidate’s portfolio should contain information supporting the candidate’s qualifications to progress. The portfolio may contain documents such as certificates or work orders that indicate the candidate’s ability to perform at the higher classification. Information provided in the portfolio can come from any experience a candidate has had before or during being employed by King County. A portfolio may also contain documents that support a candidate’s leadership or ability to work in adverse conditions.

16.6 Operator-In-Training

Job Progression is mandatory for the Operator-In-Training (OIT) classification. OIT’s who fail to meet the requirements for advancement to Wastewater Treatment Operator, within two years of appointment, shall be eligible to fill an open bargaining unit position, for which they qualify, at the same or lower pay range or shall be terminated.
It is understood by the parties that this provision shall not serve as setting a precedent for other classifications in the bargaining unit.

The purpose of the Operator-In-Training (OIT) classification is to provide an entry-level classification in the Operator Classification Family for individuals lacking the experience and certification to qualify for entry into the Operator classification. The goal is to train the incumbents so as to allow them to develop the proficiencies to perform at the Operator classification and to concurrently compensate them at the level for which they are qualified.

Under normal circumstances, new OITs are hired into the day operations group. Once hired, the OIT and their supervisor will develop a training plan which will be used in scheduling training and which will be focused upon providing the employee with basic operating skills and a basic understanding of the plant. While in day operations, they will provide operations support under the supervision of Operators and Senior Operators, which will provide some training opportunities.

While it is possible to learn some aspects of operations while on days, it is necessary that an OIT be assigned to shift for training purposes, as this is the only way to become knowledgeable about the interrelations between different treatment processes and familiar with the idiosyncrasies of the plant over various weather/season conditions.

A major goal of the organization is to progress OITs to the Operator classification and increase their skills as an Operator once they do so, in as timely a manner as possible commensurate with their skills and within the limits of the business need. In order to do this, it is important that the OIT work with his/her Supervisor to identify training opportunities that further this goal with the recognition that compensation will progress in accordance with the employee’s movement through each classification of the family.

In order to be effectively trained, it is important that the new OIT receive one-on-one training for a period of time; however, it is expected that s/he will be given greater responsibility to work an area over time. Following is a proposed set of standards for determining when an OIT will be allowed to work in an area under general supervision.

1. When the OIT is assigned to shift, s/he will work with his/her Supervisor to develop a training plan, including which plant area s/he will be learning.
2. Until the OIT has successfully completed the supervisor’s training plan for the area, and has been assessed as competent to perform in the area, s/he will not be assigned to an area alone. If it is normally a two (2) person area, the second person must be a fully qualified Operator/Senior Operator and a routine check-in must be maintained with the OIT having clear instructions regarding contacting either the other Operator/Senior Operator or their Supervisor if there are any situations outside his/her training. In this case, a qualified Operator/Senior Operator will be dispatched to the area to work with the OIT and to provide training as to how to deal with the new situation.

3. At no time will two (2) OITs be assigned to work in the same area unless it is under the direct supervision of an Operator/Senior Operator.

4. Once an OIT has been trained and assessed as competent in an area, s/he may be assigned to work that area under general supervision; however, it is expected that s/he continues to contact his/her Supervisor, who will dispatch a qualified Operator/Senior Operator when situations outside his/her experience occur to assist him/her to learn how to deal with them. Such interactions will be documented in the area log.

5. While assigned to the crew in a training mode, the OITs will not be used as an excuse to allow additional crew members to take time off. The OIT is not to be assigned to operate an area without direct or close indirect supervision until they have been trained and assessed as competent in the area.

6. In the event that the Supervisor has determined the crew size has dropped below the level required for safer operation of the plant, an OIT may be used to operate an area for which they have been trained and assessed as competent without requiring the call in of an Operator. In this circumstance, the Supervisor will assign, in writing, an upgrade subject to Article 12.2 of the Collective Bargaining Agreement.

7. Once an OIT has been trained and assessed as competent in an area and has worked the area on shift for a period of six (6) months (from the date of competency) to gain proficiency, s/he will normally be returned to day operations. In the event management has a legitimate business need to retain the area competent OIT beyond the timeframes specified herein, the issue shall be referred to

the LMC for review and discussion, to ensure that the training needs of other OITs are not negatively impacted.

**Definitions:**

1. Direct Supervision - An employee shall be considered as working under direct supervision when working alongside or in the immediate vicinity of another employee who has been assigned responsibility for training the lower level employee.

2. Close Indirect Supervision - An employee shall be considered as working under close indirect supervision when a higher level employee is assigned primary responsibility for the area or tasks and is present in the general work area of the trainee.

3. General Supervision - An employee shall be considered as working under general supervision when working independently with a minimal level of supervision that is typical of a journey or higher level employee.

**16.7 The Review Board**

The Review Board will convene annually to review all applications for Job Progression advancement. The Board will consist of members of the management team, human resources, supervisors of the candidates, subject matter experts from the management and bargaining unit ranks as selected by management and two organizational union representatives from SEIU 925. The Review Board will have established protocols for evaluating whether each candidate for advancement possess the knowledge, skills and abilities needed to perform the full scope of duties of the higher classification for which they are seeking to advance.

**16.8 Oversight and Union Involvement**

The Employer and the Union agree to support the job progression program by assisting employees in acquiring achieving the knowledge, skills and abilities to perform, by encouraging employee initiative and by constructively identifying barriers and working together through a continuous improvement approach. The Labor Management Committee will serve in an oversight capacity, regularly reviewing program progress through supervisor and employee reports, employee training and development data, consultant recommendations and program work plans.

The Employer and Union agree to use the Labor Management Committee forum to resolve...
issues and engage in problem solving discussions regarding the administration, implementation and
maintenance of the program, set program goals and collaborate on communications. Management
will have the final decision for which candidates progress.

16.9 OIT Pilot Program

The parties agree to pilot the new OIT program that is jointly developed in LMC as described
in Attachment 1.

WTD SEIU 925
Operator in Training Program

The Wastewater Treatment Division (WTD) and the Service Employees International Union (SEIU), Local 925 recognize the need for recruiting diverse candidates for the Wastewater Operator classification. It is recognized that the WTD has critical staffing needs for experienced and technically proficient Wastewater Treatment Plant Operators (WWTPO).

In an effort to prepare for succession planning and to share the knowledge held by long-term employees, an Operator in Training Program (OITP) has been established. The anticipated benefits for this program will expand workforce diversity, candidate pool and opportunities for current staff while maintaining a limit on approved full-time equivalents (FTE’s).

Additional benefits to WTD would include savings in recruiting and selection process for future operator positions and reductions in time to fill positions.

King County WTD will implement the current contract language, as follows, as it relates to the OITP, for new temporary employees and existing employees wishing to avail themselves of the OITP opportunity.

1. Management will recruit candidates, focusing on diversity, non-traditional candidates and veterans to meet Equity and Social Justice (ESJ) goals.

2. Recruitment and selection will include demonstration of aptitude and interest in a wastewater treatment operations career, including the ability to work any shift schedule at any WTD location. A shift or location change will be subject to two weeks of advanced notification. All attempts will be made to identify location assignments with as much advance notice as possible. Current career service employees represented by SEIU 925 who express an interest in and aptitude for the OIT classification will be given an opportunity to apply for a special duty assignment. Internal candidates placed in the OITP would be subject to the same requirements to work any shift on any operations team at any WTD location for the duration of the assignment. With any new call for applicants within this OITP, a running total of three special duty assignments will be available to be filled with internal candidates at any one time.

   a. Management will establish positions for short-term temporary Utility Workers (STT-UW) which will be represented by SEIU, Local 925.
   b. The OITP STT-UW will be hired at range 37, step 2 (entry).
   c. The STT-UW employees will be limited to up to 6 months of full-time employment (960 hours); they will not be members of the King County Career Service, and will be considered as hired in “at will” status.
   d. The STT-UW may be released at any time during the OITP. The STT employees may not grieve or appeal discharge or discipline under the collective bargaining agreement.
e. Career service employees assigned to special duty in the OITP will be compensated consistent with Article 8.6 of the collective bargaining agreement.

f. A special duty assignment in the OITP may be revoked at any time at the discretion of the Section Manager, and an employee may not grieve or appeal a decision to return him/her to his/her regular position.

4. OITP STT-UW Training and Schedule Plan:

a. Participate in a minimum of 4 weeks of initial basic training (Boot Camp), including WTD orientation, Safety, and classroom training for basic wastewater operations on-the-job training (in a day operations status with technical trainers or under Day Operations supervision).

b. The focus of the initial training will provide material and experiences that will assist the STT-UW in qualifying for Washington Department of Ecology (WDOE) certification as an operator-in-training (WWTP-OIT).

c. Any time after either Boot Camp or a minimum of 4 weeks as an STT-UW, individuals in this program should expect to rotate for additional training within shifts and other operations groups (Day Operations, Offsite, etc.).

d. Achieving the WDOE WWTP-OIT certification is required within 6 months of hire.

e. If the OITP STT-UW is unable to obtain certification within 6 months, the OITP STT-UW will be released with no rights to the appeal or grievance process.

f. A career service employee participating in the program who is unable to obtain certification within 6 months will be returned to his/her regular classification.

5. Term-Limited Temporary – OIT:

a. If the OITP STT-UW employee obtains the WWTP-OIT certification and receives a “meets Standards” rating on his/her first Performance Appraisal, then the employee will be directly hired to a term-limited temporary Operator in Training (TLT-OIT) beginning with the first full pay period after 10 weeks.

b. Wage placement upon transition to TLT-OIT will be range 38, step 6, which is the entry level salary.

c. The TLT-OIT employee may be moved to any shift or location (South Plant, West Point, BW, Offsite, Day Ops etc.) for the duration of his/her TLT assignment. A shift or location change will be subject to two weeks of advance notification. All attempts will be made to identify location assignments with as much advance notice as possible.

d. The TLT-OIT may be released at any time during the OITP. TLT-OIT employees may not grieve or appeal discharge or discipline under the collective bargaining agreement.

e. A career service employee on special assignment in a TLT-OIT assignment may be moved to any shift or location for the duration of the TLT assignment. A special duty assignment in the OITP may be revoked at any time at the discretion of the
ATTACHMENT 1

Section Manager and employees may not grieve or appeal the decision to return them to their regular position.

f. The TLT-OIT will receive annual performance feedback and be eligible for a discretionary step increase on his/her anniversary date.

6. Advancement of TLT-OIT

a. The term for the TLT-OIT will be established for up to two years, during which time the TLT-OIT is expected to obtain WA DOE Operator Group I certification.

b. If the TLT-OIT employee cannot obtain Group 1 certification within 2 years, the TLT-OIT will be released with no rights to the appeal or grievance process. If a career service employee participating in the program cannot obtain Group 1 certification within 2 years, he/she will be returned to his/her regular classification.

c. Subsequent to the attainment of the WWTPO I license, the TLT-OIT will be encouraged and eligible to apply for any Operator vacancy within the division. Protocol for consideration will be:

   i. Contract language regarding seniority for transfer placement;
   ii. Internal competitive, including TLT-OITs reassignment and/or review and placement;
   iii. Application and placement in other positions and classifications will be pursuant to contract language.

d. A TLT will not be used to backfill any career services position (see exception in Section #8).

e. If an Operator vacancy is advertised as an opening for an OIT, candidates in this program with TLT-OIT status and a WWTPO-OIT certification or higher may apply. If one of them accepts the position, he/she is out of the OIT Training Program and becomes a Career Services OIT. (See Article 16, Job Progression, Section 16.6 Operator-in-Training.)

f. A TLT-OIT may be released at any time during the OITP. TLT employees may not grieve or appeal discharge or discipline under the collective bargaining agreement.

7. Limit of TLT-OIT Program Assignments:

a. A TLT-OIT who has applied for but not received an offer to be placed in a career service operator position may, at management’s discretion, have the term of the TLT assignment extended in six-month increments for up to one additional year (three years total).

b. A regular employee acting in an OIT position may not be extended beyond two years.

8. A TLT-OIT will not be used to meet minimum staffing levels, except in an emergency coverage situation. In such cases, a TLT-OIT may be used to backfill a career service operator position when no career service OIT, Operator or Senior Operator is available for call-out to provide coverage to meet minimum staffing requirements, as determined by the
ATTACHMENT 1

Wastewater Supervisor. If the TLT-OIT providing the emergent coverage has his/her Washington State WWTP Operator I certification, the TLT-OIT will be upgraded to Operator for the duration of the emergency coverage.

9. Seniority for employees hired as TLT-OITs will be determined by Article 9.1.C of the collective bargaining agreement. In the event of a tie, seniority will be determined by the Washington State DOE Wastewater Certification number, with the lowest number being the most senior.

10. This document does not imply an express or implied contract, but rather outlines the parties’ mutual understanding of the best way for an employee to move forward on an Operator in Training Program. The parties agree that, in furtherance of the Operator in Training Program, whenever any modifications to the program are contemplated by either the County or the Union, those proposed modifications will be presented to and discussed at the LMC prior to enactment. Furthermore, the parties agree to document any modifications as an addendum to the Operator in Training Program Agreement.

11. Definitions:

   a. Direct Supervision - An employee shall be considered as working under direct supervision when working alongside or in the immediate vicinity of another employee who has been assigned responsibility for training the lower-level employee.

   b. Close Indirect Supervision - An employee shall be considered as working under close indirect supervision when a higher-level employee is assigned primary responsibility for the area or tasks and is present in the general work area of the trainee.

   c. General Supervision - An employee shall be considered as working under general supervision when working independently with a minimal level of supervision that is typical of a journey or higher level employee.
1. **Benefit Time – General**

   A. While it is recognized that employees may occasionally need to be off work due to unforeseen circumstances, unscheduled time-off is detrimental to the efficient operations of the Wastewater Treatment Division. Use of unscheduled time off may be approved but will be monitored for the number and type of usage, and will be subject to discipline if the thresholds described in this standard are exceeded.

   B. Supervisors will monitor and track their employees’ use of Benefit Time (BT) and time off and maintain appropriate records. Use the attached BT Log to record and track incidents.

   C. All occurrences of unscheduled absence will be recorded as incidents and subject to the conditions established in this standard.

   D. Supervisors, with input from their business teams, will establish and maintain minimum daily staffing levels subject to approval from the Section Manager.

2. **Scheduled Benefit Time**

   A. Article 15.3, section C of the contract between King County and Local 925 states, “Employees are required to submit requests and receive approval for scheduled time off as far in advance as possible to facilitate business team planning, but at least prior to the end of the previous shift/workday.”

   - Any time off scheduled in accordance with this article will be considered scheduled and not subject to “incident tracking”. Benefit time used in this fashion will not negatively impact eligibility for the Attendance Award Program.

   - If a person schedules time off, they are expected to take that time off unless arrangements are made with their supervisor to return to work sooner than scheduled.

3. **Unscheduled Benefit Time**

   A. In order to gain approval for unscheduled time off, employees are required to call in to Main Control at least 30-minutes before the start of their shift/workday and give notification that they will not be in, or they will be late, and provide a general reason why (personal illness or injury, sick child, vacation, etc.). Main Control will log all call-ins, recording the employees name, time of the call-in, and the reason given for the call-in. (The reason must be recorded to comply with FMLA/KCFML)

   - Business Teams may establish call-in requirements longer than 30-minutes based on like Business Team needs, subject to approval from the Section Manager.

   - If an employee calls in and expects to be gone for more than one (1) day, the employee may contact his/her supervisor and request/schedule additional days off. The first day shall be unscheduled time-off. The supervisor may grant those subsequent days as scheduled time off. The entire period of approved absence shall be defined as one “incident”.

   - In the event of legitimate unforeseen personal emergencies, supervisors will have the discretion, with Section Manager’s approval, to waive the application of an incident, or penalty for unscheduled benefit time. Waiver requests forwarded by a supervisor to a section manager will be reviewed for consistent and fair application of the standard by the supervisor.
Wastewater Treatment Division Operations and Maintenance Standards

Benefit Time

- Supervisors may approve time off with less notification than the minimum time required to qualify as scheduled time off. (i.e. asking in the morning to take the afternoon off). Approval of these requests is at the discretion of the Supervisor in consideration of workload and Business Team needs. The intent is to recognize that such approved time off is considered scheduled.
- Comptime usage must be scheduled. There is no use of Comptime allowed for unscheduled leave.

B. **Call-in Standards** - The following describes the procedures and consequences for reporting unscheduled absence from work.

- **On-time Call-ins**
  - Call-ins made at least 30 minutes prior to the start of the shift (or as established by the Business Team) will be approved by the supervisor and Unscheduled Benefit Time (UB) will be charged to account for the missed time.
  - The seventh incident of unscheduled, on-time call-in in a twelve-month period will result in progressive discipline.
  - The supervisor will use Teach Lead Coach (TLC) up to the seventh incident to reinforce the importance of scheduling leave.

- **Late Call-ins**
  - Call-ins made less than 30 minutes (or as established by the Business Team) prior to the start of the shift will be considered late call-ins.
  - Employees will be allowed to use unscheduled Benefit Time (UB) for the first two incidences of late call-in in a twelve-month period. The third and subsequent incidences of late call-in will be unapproved and unpaid for the time missed. (UA)
  - The supervisor will use TLC upon the first incident of late call-in to reinforce the importance of calling in on time.
  - The fourth incident of late call-in in a twelve-month period will result in progressive discipline.

- **Failure to Call-in**
  - Call-ins not made at all, or made after the start of the shift will be considered failure to call in at all and will be unexcused time off. All unexcused time off will be documented as an unexcused absence and therefore, unpaid time.
  - Supervisors may inform an employee who has failed to call-in on time not to report for work if their duties have already been back-filled. In this instance, all time away from work will be an unexcused absence, and therefore unpaid time.
  - The supervisor will use TLC upon the first incident of failure to call-in to reinforce the importance of calling in on time.
  - The second incident of failure to call-in in a twelve-month period will result in progressive discipline.

- **Late call-in and Failure to call-in incidents are cumulative.** On-time call-in incidents will not be counted towards number of incidents of late call-in. However, when tracking an employee's incident history, late call in and failure to call in will be applied toward the limit
of six incidents before starting progressive discipline for on-time call-ins. In general, each call-in is considered an incident. If an employee calls in and indicates that they will be off for multiple consecutive days, it is considered a single incident.

- **Tracking Late Call-Ins for Exempt Personnel.** While FLSA exempt employees are not tracked on an hour-for-hour basis, they are required to be at work during a scheduled time frame or must have prior supervisory approval. Failure to be at work when scheduled is a performance issue; however, FLSA rules prevent reductions in pay except under very limited circumstances.

The following chart describes the impacts of each incident of unscheduled Benefit Time.

4. **Exhaustion of Benefit Time**

A. Disciplinary action will result if an employee depletes their BT and goes into unapproved UA. Or LX. However, Supervisors have the discretion to approve leave without pay (LW) in circumstances where the employee has not had the opportunity to accumulate BT due to being newly hired and/or coming off FMLA/KCFML. This must be done with the approval of the Section Manager.

- Exhausting your Benefit Time or Comp Time during an approved absence from work will be identified by the payroll system as Leave Exhausted (LX) and may be subject to progressive discipline.
- Supervisors will advise their employees to maintain an adequate BT balance to cover any unforeseen assignment or circumstance that could cause them to go into UA. (i.e. being assigned to cover a shift position on a short hour week.).
