Attendance Shared Values Statement

Each staff member serves as a vital link to an improved education for students. That link is broken when a single staff member is absent. As a result, the ability to provide a thorough and efficient educational environment is weakened.

The District and SEIU recognize that a reasonable amount of absences due to bona fide sickness or emergency situations is often beyond the control of staff. The contribution of each District employee is critical and the effort of each and every employee is needed to help reach our goals.

Therefore:

- Employees are expected to work the number of hours they are assigned.
- Punctual and regular attendance is expected of District employees.

The primary purpose of this statement is to maximize staff attendance.
