PREAMBLE

This agreement is made and entered into between the Longview School District No. 122 (hereinafter: District) and the Service Employees Union, Local 925 (hereinafter: Union).

In accordance with the provisions of the Public Employees Collective Bargaining Act and regulations promulgated pursuant thereto, and in consideration of the mutual covenants contained herein, the parties agree as follows:

ARTICLE I – UNION RECOGNITION AND COVERAGE

Section 1.1 – Representation/Recognition

The District recognizes the Union as the sole and exclusive collective bargaining agent for all classified employees of the District except for those specified in Section 1.4 below.

Section 1.2 – Bargaining Unit Work

All work shall be done by employees working under this agreement except for work performed by temporary employees as defined in Section 10.3.

It is not the intent of the District to hire student workers or to use volunteers to displace union positions.

Section 1.3 – Hiring Temporary Employees

The District shall not hire temporary employees who will reduce the regularly scheduled working hours of bargaining unit employees.

The District will not contract current employee performed work unless the District needs the work finished on a specific timeline and employees are unavailable or decline overtime. The District will notify the Union of its intent to contract specific jobs with reasonable notice.

Section 1.4 – Job Classifications

General job classifications or sub-units of the bargaining unit are: paraeducators, accompanists, liaisons, certified support, direct services coordinator, food service, maintenance, operations (custodial), transportation, warehouse, copy center, technology, and campus security employees.

Specific job classifications shall mean “the individual classifications, as identified in the pay schedules, contained within each general job classification.”

ARTICLE II – RIGHTS OF THE EMPLOYER

Section 2.1 – Customary and Usual Rights

It is agreed that the customary and usual rights, power, functions and authority of management are vested in management officials of the District. Such rights shall include by way of illustration and not by way of limitation, in accordance with applicable laws and regulations, the right to direct the work force, the right to hire, promote, retain, transfer, and assign employees in positions; the right to suspend, discharge, demote, or take other disciplinary action against employees for cause; and the right to release employees from duties because of lack of work or for other legitimate reasons. The District shall retain the right to maintain efficiency of the District operations by determining the methods, the means, and the personnel by which such operation is conducted.

Section 2.2 – Reasonable Rules/Contract Work

The right to make reasonable rules and regulations shall be considered acknowledged functions of the District. In making rules and regulations relating to classified personnel policies, procedures and practices, and matters of working conditions, the District shall give due regard and consideration to the rights of the Union and the employees and to the obligations imposed by this Agreement.

ARTICLE III – RIGHTS OF UNION

Section 3.1 – Union Rights

The Union has the right and the responsibility to represent the interests of all employees in the bargaining unit; to present their views to the District on matters of concern either orally or in writing; and to enter into collective bargaining negotiations as allowed by law. The Union shall also have the right to represent all employees and itself in pursuing any grievance involving the interpretation or application of the terms of this Agreement.

Section 3.2 – Posting Union Materials

The Union shall be provided with bulletin boards, or sections thereof, for the purpose of posting union materials at each work site. The Union shall also have the right to use the District email, mails and school mailboxes to distribute union material.

Section 3.3 – Using School Facilities for Meetings

After requesting and receiving approval on the appropriate District facilities usage form, the Union shall have the right to use school facilities for meetings and school equipment when such equipment is not otherwise in use. The Union shall pay for the cost of all materials and supplies incident to such use and shall be responsible for proper operation of all such equipment.

Section 3.4 – Transacting Union Business During Workday

During the workday representatives of the Union shall be permitted to transact official union business on District property with advance notice to the supervisor and agreement that such business does not disrupt the educational process or productivity of employees of the District. When meetings are scheduled during the workday, Union officers and stewards are allowed to represent employees and investigate and present grievances to the District without loss of time or pay.

Section 3.5 –Attendance at Union Meetings

Employees whose regular shift occurs at official union meeting times, which are scheduled outside the District's regular student day, will be excused for up to one (1) hour per month to attend such meetings, provided; 1) prior notice (24-hours) has been given to the immediate supervisor, 2) the building is left secured, and 3) the time absent from his/her job is made up on the same day.

Section 3.6 – Rights of Union to Receive Public Information

In response to requests from the Union, the District agrees to furnish the Union any available public information concerning the financial resources of the District and such other public information as will assist the Union in developing programs on behalf of the employees together with such information which may be necessary for the Union to process any grievance or complaint or to develop bargaining proposals.

Section 3.7 – Rights of the Union to Receive Employee Information

Upon request of the president/designee, the District shall provide the Union the following information regarding each employee in the bargaining unit: name, work site, job title, hourly rate of pay, number of posted hours per day, number of days per year, home address, and phone number.

Section 3.8 – Request of Employee Records

The District agrees to notify the Union Representative and impacted employees when the District receives a request for records or information containing personal information of, or pertaining to, employees unless the District decides to withhold the information through an available exemption. The District will provide such notice no less than five work days before the intended release date.

Notice will include:

- A copy of the request;
- A copy of the responsive records, including redactions the District intends to make;
- A direction to name the requestor as a party to any action seeking to prevent disclosure; and
- The actual date the District intends to produce the records unless it is served with a signed court order preventing disclosure.

Personal information includes any of the following, but is not limited to: residential address, residential telephone numbers, personal wireless telephone numbers, GPS or similar location coordinates, personal electronic mail addresses, social security numbers, driver's license numbers and dates of birth. State law permits the District to withhold from disclosure the following personal information: Residential addresses, residential telephone numbers, personal wireless telephone numbers, personal electronic mail addresses, social security numbers, driver's license numbers, identification card numbers, and emergency contact information of employees, and the names, dates of birth, residential addresses, residential telephone numbers, personal wireless telephone numbers, personal electronic mail addresses, social security numbers, and emergency contact information of dependents of employees.

Section 3.9 – Leave for Union Business

Union Release time shall be granted when chapter officers or stewards need to be absent from duty for union activities. The District shall be reimbursed for the substitute costs for the absent employee(s). Union release time shall not be provided to plan or participate in stop-work actions/strikes against the District.

ARTICLE IV– RIGHTS OF EMPLOYEES

Section 4.1 – Employee Rights

It is agreed that the employees in the bargaining unit defined herein shall have and shall be protected in the exercise of the right, freely and without fear of penalty or reprisals, to join and assist in lawful Union activities. The freedom of such employees to assist the Union shall be recognized as extending to participation in the management of the Union, including presentation of the views of the Union to the Board of Directors.

Section 4.2 – Due Process

No employee shall be disciplined or adversely affected without just cause. The specific grounds forming the basis for disciplinary action at all stages beyond the verbal warning or verbal reprimand step will be made available to the employee and the Union in writing. If the employee or Union requests confirmation of or the background material on a verbal warning or reprimand, the supervisor shall provide the documentation.

An employee shall be entitled to have present a representative of the Union during any meeting which might reasonably be expected to lead to disciplinary action. No disciplinary action shall be taken with respect to the employee until such representative of the Union is present. Further, in the event the supervisor is calling a meeting to take a disciplinary action, the employee shall be advised that s/he is entitled to have a representative of the Union present.

Normally discipline will be administered progressively, starting with a verbal warning, then progressing through a written reprimand, then suspension, and finally discharge. It is recognized that some offenses may be serious enough to warrant the abridgement of this progression and may result in immediate reprimand, suspension, or discharge without having gone through the previous step(s).

Warnings and reprimands for other than serious offenses shall be removed from an employee's personnel file one (1) year after their inclusion therein, provided satisfactory job performance has been maintained. Written warnings and reprimands for serious offenses shall be removed from an employee's personnel file three (3) years after their inclusion therein, provided satisfactory job performance has been maintained for three (3) consecutive years and there have been no subsequent serious offenses committed. Serious offenses shall include but not be limited to malicious damage or destruction of District property, gross insubordination, indecent conduct, theft, assault, falsification of records, and gross negligence.

No evaluation, correspondence, or other material making reference to an employee's or former employee's competence, character, or manner shall be kept or placed in the DPF (District personnel file) without the employee's knowledge and the right to attach his/her own written comments.

Employees shall, upon request, have the right to inspect all contents of their DPF which shall be kept within the District Employee Services office. No secret, duplicate, alternate, or other personnel file shall be kept in the District. A separate file for the processed grievances shall be kept apart from the employee's DPF.

Upon request by the employee, the HR Director and the employee shall initial all sheets, documents, evaluations, etc., if desired, and inventory to verify contents of the DPF at the time of inspection by said employee.

Any material not shown to and signed by the employee within thirty (30) workdays after receipt or composition shall not be allowed as evidence in any disciplinary action against such employee. Any material not composed prior to the imposition of discipline shall not be allowed as evidence in any disciplinary action against such

employee. Should an individual refuse to sign any document, and written notice shall be attached to the document speaking to the employee's refusal, with such notice forwarded to the Union, the individual, and the HR Director.

Nothing in this Agreement is to be construed to restrict the supervisor of an employee from keeping anecdotal records and supportive data for the process of annual evaluation. In such cases where supportive data shall be used in disciplinary action, the individual shall be notified within thirty (30) workdays of receipt or composition of said data. Anecdotal records, correspondence, or any other material which may reflect negatively on an employee shall be purged from a supervisor's file (electronic or otherwise) within one year of being placed in the file.

While an employee is under investigative suspension, salary and employee benefits will be provided by the District. Should a charge(s) be substantiated, the employee may be disciplined or discharged for just cause and no salary or employee benefits will be paid after that date.

Section 4.3 – Employee Protections

Employees will not be requested nor required to perform any duty requiring a teaching certificate. When employees holding educator certification are substituting for or working as a certificated employee, their terms and conditions of employment are not governed by this Agreement.

ARTICLE V – UNION MEMBERSHIP

Section 5.1 – New Employees – Union Information

The District will notify the Union of all new employees, and substitutes or temporary employees qualifying for union membership within fifteen (15) working days of the hire date or union eligibility. The District shall provide to the Union and the chapter president the employee's name, home mailing address and personal phone number, job title, work location and work email, and start date. A Union officer or steward will have at least thirty (30) minutes with the new employee to inform the new employees about the Union and the terms and conditions of this Agreement. The employee is on paid time for the first 30 minutes if the employee agrees to meet. Substitute employees qualify for Union membership if they have worked for the District at least thirty (30) days in the previous twelve (12) months and remain available for work.

The District and administrative staff shall remain neutral on the issue of union membership.

Section 5.2 – Union Membership Rescission

Union members requesting to rescind membership and membership rights in the Union shall make such request in writing to SEIU 925, following the SEIU 925 procedures. Providing such procedures have been met, SEIU 925 shall promptly inform the District's payroll department of such employee's non-member status consistent with Payroll Deduction Section.

ARTICLE VI – PAYROLL DEDUCTION

The Union will forward to the payroll department, by the tenth (10th) of each month, a list of all employees with legal name who have individually authorized or rescinded their membership in the Union and related payroll deductions. Upon timely receipt of the list, for monthly payroll processing, the District will deduct from the employee's wages and remit monthly to the Union; union membership dues and other related deductions of all member employees.

Each month the District shall provide the Union an Excel or other electronic format list with the first name, last name, employee identification number, dues deduction amount, authorized COPE deduction amount, gross pay for the pay period, and hours worked or paid in the pay period.

The District will notify the Union, monthly of all new hiring, layoffs, and terminations of employees subject to this Agreement, together with the reason and date of layoffs, and termination.

The District will provide an electronic version of the monthly warrant register that accompanies the dues warrant. In addition, the District will provide the Union with the District directory twice each year in an electronic format or as requested by the Union. The directory will include names, work location, position, address, primary phone number and District email.

The Union agrees to hold the District harmless against any and all claims, demands, suits or other forms of liability that arise out of, or by reason of this deduction. The dues shall be at a rate authorized by Union vote.

There shall be no obligation on the part of the District to make any deduction beyond the original terms of the Collective Bargaining Agreement existing at the time of this assignment unless the Agreement is extended or a new Agreement is reached containing such authorization for deduction.

ARTICLE VII –LABOR-MANAGEMENT COMMITTEE

The Union will designate a Labor-Management committee who will meet with the Superintendent and/or his/her designated representatives on a mutually agreeable regular basis to discuss appropriate matters. Meetings shall be held at times when they cause as little interruption of the work schedules as possible.

ARTILCE VIII – NONDISCRIMINATION

Section 8.1 - Nondiscrimination

The District and the Union affirm their adherence to the principles of free choice and agree they shall not discriminate against any employee covered by this Agreement because of age, race, color, religion, sex, national origin, marital status, or the presence of any sensory, physical, mental disability unless the particular disability would prevent proper performance of duties, or other qualities protected by law.

Section 8.2 – Family Members

The District agrees not to discriminate against members of the same family or household in the hiring and reassignment of employees. An assignment which places members of the same family or household in positions where one has supervisory management over the other will be avoided unless approved by the Superintendent or his/her designee.

ARTICLE IX – NEW CLASSIFICATIONS

Section 9.1 – New Jobs

In the event the District creates a new job, the District will notify the Union and will negotiate the rate of pay of the new job description prior to posting. The District will provide the Union with a copy of the job description.

Section 9.2 – Change Existing Jobs

If the District intends to substantially alter the job description of an existing job within the bargaining unit, it shall notify the Union and shall negotiate all issues consistent with this Agreement. If the work of an existing job has substantially deviated from the job description/posting, the Union shall notify the District and first meet in Labor-Management to discuss the changes. If not resolved there, the Union shall notify the District to negotiate all issues consistent with this Agreement.

ARTICLE X – CLASSES OF EMPLOYEES

Section 10.1 – Year-Round (Full-Time)

A regular year-round full-time employee is one who is regularly scheduled forty (40) hours per week throughout the calendar year.

Section 10.2 – Regular Part-Time

A regular part-time employee is one who is regularly scheduled for less than forty (40) hours per week throughout the calendar year or is scheduled for forty (40) hours a week, but only part of the calendar year. The most common example is school-year employees.

Substitutes who have served twenty (20) consecutive days or more in the same assignment will accumulate temporary disability leave at the rate of one day for each twenty (20) days worked. Such leave will be credited

after being earned and may not be used in advance. This leave cannot be carried over to the next assignment, except in cases where the assignment is changed but the substitute's service is interrupted by no more than three (3) consecutive work days.

Buildings with two (2) or more general custodians shall be provided the opportunity to rotate BMP substitute openings per each absence up to sixty (60) days. General positions will be filled from the substitute list.
5. The step-up opportunities outlined above for custodians and leads apply only when the absence is expected to be at least three (3) hours in duration. Step ups are not available on non-student days during the school year. During the summer break, step-up will occur after a 5-day absence.

At the secondary level, if all lead custodians are not available, a general custodian with middle or high school experience shall be given first consideration to fill in out-of-building for the BMP. Generals with only elementary school experience may only work out-of-building for an elementary BMP. Custodians shall have an opportunity to sign up for the step-up opportunities at any time.

The seniority list will be used for reduction in force in each job classification beginning with the least senior employee. Employees who are reduced shall initially be deemed “displaced” and have first consideration in filling any open positions if they have the skills, abilities, and qualifications.

Section 13.2 – Bumping Procedures

Employees designated for RIF are permitted to bump into the position of the least senior employee in another classification for which the RIFed employee has greater seniority, provided such employee possesses the necessary skills, abilities and qualifications to perform the essential functions of the position

circumstances. Current bargaining unit employees who possess the necessary skills, abilities and qualifications to perform the essential functions of the position will be given first consideration, according to total District seniority (this includes employees with eligible leave replacement seniority and represented substitutes). If the position is not filled by a current employee, then the District will post the position to external applicants. The District may open the position outside the bargaining unit if, in the District's judgment, the skills and abilities of available internal applicants are not sufficient. External applicants include substitutes who are not included in the bargaining unit.

Substitutes who have worked thirty (30) days or more in the previous twelve (12) months are considered internal applicants.

If the open regular position is filled by an employee outside the job classification, the subsequent vacant position will be posted.

Regular employees who accept an open regular position in any job classification (inside or out of their job classification) are not allowed to return to their former position. If their former position becomes open, they may apply as per this section.

New Employees may not apply for a new position during the first thirty (30) days of their probationary period. If any employee applies for a new position after completing their probationary period, they will begin a new thirty (30) day probationary period in the new position. Employees within the classification who applied will be given first consideration by total District seniority, if they have the skills, abilities and qualifications for the subsequent open position; then employees outside the classification who applied shall be considered by total District seniority, if they have the skills, abilities and qualifications to perform the essential functions of the subsequent open position.

Substitutes who have worked thirty (30) days or more in the previous twelve (12) months are considered internal applicants.

- B. The process is repeated for each subsequent vacancy created by the placements.
- C. If a subsequent opening remains unfilled, it will be posted to external applicants. External applicants include substitutes that are not included in the bargaining unit (less than thirty (30) work days within the previous twelve (12) months as a substitute.

Section 14.3 – Filling an Opening – Interim Basis

The District reserves the right to fill an opening on an interim basis while the opening is being posted and selection is being made, subject to the step-up procedures for custodial and food service employees set forth in Sections 10.3.1 and 10.3.2. (See Article X, Section 10.3)

Section 14.4 – Filling Leave Replacement

If it is determined that an employee is will be off work for more than sixty (60) days (ten (10) days for bus drivers), based on an employee's leave request, medical certification, or other circumstances, making it clear that the employee will not return within this time period, the employee's position will be posted as an open leave replacement position. A posting will also occur if the leave extends beyond sixty (60) days for unforeseen reasons and if the employee does not have a return-to-work date that is within 20 work days. Notice of such openings shall be posted no later than ten (10) days from the date of opening for a period of five (5) working days. Such posted positions will be filled within fifteen (15) days from closing of posting. The District will notify the Union if the timelines for posting and hiring will not be met in specific circumstances. Applicants from all classifications may apply for the posted position, however, applicants within the classification will be given first consideration.

Current regular employees within the classification who possess the necessary skills, abilities and qualifications to perform the essential functions of the position will be given first consideration, according to total District seniority (including those with eligible leave replacement seniority and substitutes with thirty (30) or more work days **within classification** within the previous twelve (12) months) to fill the open leave replacement.

If no applicant within the classification is selected, applicants from outside the classification who possess necessary skills, abilities, and qualifications to perform the essential functions shall be considered according to total District seniority (this includes employees with eligible leave replacement seniority and substitutes with thirty (30) or more work days within the previous twelve (12) months with the district).

Section 14.4.1 – Openings Subsequent to Leave Replacement Vacancies

Subsequent openings will be filled;

Employees within the classification who applied will be given first consideration by total District seniority, (including those with eligible leave replacement seniority and substitutes within the department with thirty (30) or more work days in a year) if they have the skills, abilities, and qualifications for the subsequent opening position; then employees outside the classification who applied shall be considered by total District seniority, if they have the skills, abilities and qualifications to perform the essential functions of the subsequent position. This includes those with eligible leave replacement seniority and substitutes who have subbed at least thirty (30) work days within the previous twelve (12) months.
- C. The process is repeated for each subsequent vacancy created by the placements.
- D. If a subsequent opening remains unfilled, it will be posted to outside applicants.

Section 14.4.2 – On Leave Employee Returns

If the "on-leave" employee returns, the employee who filled the leave replacement position and the employees who filled the subsequent openings/positions will return to their previous positions. If the previous status was as a substitute or the person was hired from outside the bargaining unit, the employee will be placed on the substitute list. Upon being assigned to the substitute list:

- A. The employee will be allowed to retain their established seniority date up to one (1) year.
- B. No additional seniority time as a substitute will be earned.
- C. If hired into a regular position within the first year after the leave replacement ends, the seniority date will be back dated based on the seniority earned (number of days) during the previous leave replacement assignment.

Section 14.4.3 – On Leave Employee Does Not Return

If the “on leave” employee does not return from leave to their position, the employee who filled the leave replacement position and the employees who filled the subsequent openings/positions will remain in the positions they filled and these will become their permanent positions. If their former position becomes open, they may apply as per Section 14.1.

Coordinator positions are an exception to the above leave replacement language. A coordinator position can be filled by the qualified senior regular employee from the same job classification with the leave replacement rules. When it is determined the on-leave employee is not returning, the employee filling the coordinator position will return to his/her job and the coordinator position will be posted within the bargaining unit.

Section 14.5 – Summer Posting

Openings during the summer months will be posted electronically via email and on the District website. Printed lists will be available at the District office. Summer postings will not include those jobs that need to be filled due to vacation, sick leave, or needed occasional extra help.

Paraeducator jobs that continue on in the summer do not need to be posted. The employee(s) currently holding the position may continue working the summer hours.

The District may employ temporary summer help. No such service will replace positions or hours of employees covered by this Agreement. Temporary summer jobs shall be determined annually by the District. Current bargaining unit members will be given first consideration, according to total District seniority and qualifications, and then to substitutes.

The District shall post, in accordance with the Agreement, the anticipated summer jobs. Such postings will include projected work schedules, required qualifications, and duties to be performed. Selection for summer jobs will be based on seniority and qualifications. Such assignments shall be at the will of the District.

No employee working in the bargaining unit member may hold a temporary summer job which, with other district assignments, would necessitate overtime pay, and nothing contained herein shall serve to extend benefits (other than the designated rate of pay for the temporary job) of employees working in the bargaining unit except as required by law.

Section 15.4.2 – Change in Paraeducator Hours – Reduction

When it is necessary to reduce paraeducator hours within a site, the reduction process includes:

1. Asking for volunteers to reduce hours,
2. Reducing the hours of the least senior employee at that site.

Section 15.6 – Food Service Packager/Servers/Elementary Lunch Servers

The number of lunches served at each elementary school will be tabulated each year. The tabulated data and the lunch serving times will be used in determining the following year's number of hours and hours of operation for those schools that have a shared position of elementary lunch server and central kitchen packager/server. Before school starts each year, the employees in the above positions will be offered, by seniority, their choice of available positions. If the work required at each site changes, the scheduled hours will reflect those changes.

If the employee is called in to work during the on-call period, the employee will be paid for actual time worked at the overtime rate, in addition to the two-hours of overtime they receive for being on call. Any such work is not subject to the two-hour minimum provided for call-back work under Section 16.2, above.

There shall be a separate annual sign-up list for building security assignments; Employees may withdraw their name from the security assignment list at any time; the sign-up list will be re-opened if there are insufficient employees for necessary assignment.

All medical examinations required as a condition of continued employment shall be paid by the District. The District shall select the physician. If an employee insists on using his/her own physician, the District will pay actual expenses up to a maximum amount equal to the contracted physician's fees. If the employee can only schedule such examinations during his/her regularly scheduled work hours, the employee shall be paid at the regular rate of pay.

Employees who are called to participate in DOT random drug testing and who are not tested during regularly scheduled work hours, will receive one hour's pay or actual time, whichever is greater.

Training will be provided by the District. Employees may request reimbursement for the costs of obtaining the General Certificate, and if the General Certificate becomes required, the District will pay the fees for it. Should the State change or modify the expectations of the Fundamental Course of Study and the General Certificate, the District and Union shall meet to negotiate the impacts of those changes.

- Exempt Paraeducators will be offered the training.
- Paraeducators will be paid their regular hourly rate for professional development hours outside of their regular work schedule.

ARTICLE XIX– WAGES

Section 19.1 – Pay Schedules

All employees covered by this Agreement shall be paid in accordance with the pay schedule set forth in this contract. For each year of this Agreement the pay schedule shall be increased by the state-funded inflationary adjustment (currently, the implicit price deflator (IPD)). If the state provides classified employee salary increases in any manner other than the percentage increase commonly used in the past, this Agreement shall reopen solely for the purpose of determining how to apply the salary increase to the pay schedule.

2025-2026

Effective September 1, 2025 for the 2025-2026 school year, in addition to the state inflationary adjustment (2.5%), wages for all employees shall be increased one percent (1%). Additionally, a one-time longevity bonus of \$1,000 will be given to employees beginning their fortieth (40) year. Beginning October 1, 2025, a second tier of paraeducators will be established at the midpoint between the current tiers, rounding up or down as applicable (before IPD). 67 paras (based on current work assignments) will move from Tier 1 to Tier 2. (See 19.10)

2026-2027

If the District has a different system for computing leave benefits and/or salary placement than the previous employer, then the employee shall be granted the same leave benefits and other benefits as a person in the District who has similar occupational status and total years of service.

Effective September 1, 2025, verifiable relevant non-Washington school district experience may also be considered for salary placement at the time of hire only. Evidence of such experience shall be provided within 30 days of hire. The District will have the right to make the final determination as to whether the prior non-school district experience qualifies for salary schedule advancement and if so, how many years of credit to grant for such experience.

Longevity rate increases are determined based on the employee's anniversary date occurring on or before September 1 of each year. If the employee is eligible for a longevity rate increase, the new rate will be effective on the first date of the new school year contract.

Section 19.2 – Substitute's Pay

The rate of pay for substitute workers shall be:

1. A rate equal to the beginning step of the classification of the regular employee for whom the substitute is working.

2. Employees who separate their regular employment from the District and remain approved to work as a substitute in the same job classification shall be paid at the same pay level received while holding the regular position. Employees who resign their regular position and become a substitute in a different job classification shall be paid at a rate equal to the beginning step of the classification of the new job classification.

Section 19.3 – Pay Procedures

All employees represented by this Agreement shall be paid an hourly wage as specified in the pay schedules. Warrants will be issued to employees on a monthly basis on the last business day of each month unless there are circumstances beyond the control of the District.

Employees will receive twelve (12) equal pay warrants. Equal pay warrants are computed by multiplying the number of days of anticipated employment by the anticipated daily hours and then by the appropriate hourly wage rate and then dividing by twelve. Those employees currently receiving 10 equal payments will continue to receive 10 equal payments for the duration of their employment or until they request converting to 12 equal payments.

Completed and signed Extra Pay Forms must be submitted to Employee Services no later than the first of the month. Forms received after the first of the month will be paid on the following month's payroll.

Section 19.4 – Pay – Higher Pay Rate

When employees transfer from a position where no vacation credit is earned to a position earning vacation, the hours worked in the former position will be totaled to determine the number of years of employment for vacation credit. The employee's requested vacation days will be subject to the approval of the Employer. An employee with the most total district seniority shall have preferential rights regarding vacation periods provided they have followed the practices of the individual departments. Drivers will be awarded routes according to seniority and the order of their selections on routes still available. Due to the fluctuations of students and programs at the beginning of the school year, all special education routes will be posted and bid at eight (8) hours; exceptions are

special education routes that did not have an employment authorization of eight (8) hours at the end of the prior school year and all new special education routes. An effort will be made to adjust all routes to reflect actual route time within sixty (60) days of the start of the school year.

If fluctuations of students and programs occur at or after bid that cause an eight (8) hour route to not have eight (8) hours of drive time, available runs not covered by another route (driver) will first be assigned to the drivers on eight (8) hour routes who need their eight (8) hours filled, where efficient, before being assigned to other drivers; otherwise, the driver will have the right to bump as set forth below.

Any driver's posted hours that increases by more than thirty (30) minutes from the day after the annual bid through the end of the school year will be posted and awarded to the senior driver based on who bids on those hours. All or part of the posted hours will be awarded to the senior driver. These will be Transportation Department postings only and will be posted for three (3) working days.

Should a driver's posted hours be decreased fifteen (15) minutes or more per day, the driver will have the right to bump anywhere his/her seniority takes them.

Drivers with a change in routes will be allowed to drive their new routes (with pay) to become acquainted with them. Any routes requiring more than two (2) hours of practice run time must have prior approval from the manager.

Section 29.2.3 - Summer Routes:

Drivers who want to work summer school routes must sign up before the last Friday in May.

Summer routes will be built, bid and awarded according to Section 29.2.2.

If summer routes increase or decrease by thirty (30) minutes or more for at least five (5) days, the route will be rebid on by seniority within one workday.

Summer route vacancy calling will happen each morning and the dispatcher will move on to the next person by seniority if a driver does not answer. Only one telephone number per driver will be called. It is the driver's responsibility to keep the current phone number up to date.

The dispatcher will be responsible for making work assignments and notifying substitutes.

Section 29.3 – Activity Trips

All regular drivers shall have the opportunity to bid on activity trips. Activity trips will first be offered to regular drivers, then substitute drivers on a rotation basis.

Trips will be awarded according to the following process:

1. Regular drivers who are interested in a trip shall sign up on the trip board by 5 p.m. two (2) days prior to the scheduled trip. Regular drivers include drivers who currently are in a leave replacement or who still retain a seniority date from holding a leave replacement route.
2. The trip will be awarded to the senior driver whose regular hours and trip route hours do not exceed 8 hours.
3. If the trip puts a driver into overtime, the trip will be awarded to the senior driver with the least amount of accumulated overtime as per the daily overtime report.

4. If no regular driver signs up for a trip, the trip will be awarded to a substitute driver from the 'substitute' list on a rotation list.
5. Trips will be posted prior to 10 a.m. on Wednesdays and assigned no later than 10 a.m. the work day prior to the scheduled trip.

The dispatcher will relieve drivers of a portion of their regular routes whenever a trip's scheduled departure time interferes with the regular route's scheduled time.

Layover time on activity trips shall be paid at the regular bus driver's hourly rate. Overtime for layover hours will be paid at one and one-half (1 ½) times the regular rate.

Drivers shall be allowed to use District transportation in order to have their meals at a facility of their choice so long as the facility is within a two-mile (2-mile) radius of the event or the closest facility.

Section 29.3.1 – Trips Posting Procedures and Rules

Activity trips will be posted on Wednesdays for the coming week.

All trips that are received by the transportation office after Wednesday for the coming week will be posted the day they are received.

Regular Postings – Trips must be posted for at least two (2) days prior to the departure day. All postings will close at 5 p.m. the night before they are to be assigned.

Drivers must personally make their selection and place their name on the posted trip assignment board; no call-ins or signing up for other drivers is allowed. Current trip posting practices by drivers will be followed: Yes or No, first, second, third choices, annual check mark. Each bus driver will be given a one-time opportunity per work year, August 1 through July 31, to use his/her seniority to take any activity trip regardless of accumulated overtime. Check mark and emergency trip numbers will be recorded on the overtime sheet.

Trips will be assigned by 10 a.m.

Cumulative overtime hours will be posted daily (each a.m.) with regular and substitute driver overtime hours.

When calculating accumulated overtime, the following will be excluded from that calculation:

1. any overtime worked due to the three (3) required certified bus driver meetings
2. any overtime worked due to District-directed in-service training
3. any overtime worked due to first aid training
4. any overtime worked due to a bus accident
5. any overtime worked due to attendance at the bus driver meetings as identified in Section 29.4
6. any overtime worked outside the Transportation job classification as defined in Section 1.4

All drivers who receive less than one (1) hours' notice of cancellation of an activity run shall receive two (2) hours' pay at their regular rate. If a trip is cancelled, the dispatcher will notify the assigned driver.

All activity trips during school breaks, except summer, shall be posted and awarded prior to, or by, the last scheduled regular calendar workday before the break.

Summer trips for the following week will be posted by Tuesday and awarded on the last workday of the week prior to the trip.

Section 29.3.2 – Emergency Trips

Emergency trips are those received too late to be posted for two (2) days.

Emergency trips will be announced over the radio and will be awarded to the senior driver who calls in with the least amount of trips recorded on their emergency trip sheet. If no regular driver calls in, the trip will be assigned to a substitute.

Section 29.3.3 – Overnight Trips

Overnight trips shall be paid at a minimum of eight (8) hours and to a maximum of 15 scheduled itinerary hours per DOT. An overnight trip is one that requires lodging of the driver. If the trip requires the driver to be on the clock into the next day as defined in 15.1.A, it shall be considered a continuation of the previous day. Drivers shall be reimbursed for meals and lodging.

With student safety and bus driver rest a paramount interest, during an overnight activity trip in a situation where an extended time exists between a driver's motel/hotel check-out time and student pick-up time, extended motel/hotel check-outs times will be authorized on the trip itinerary.

In the case where an extended motel/hotel check-out time is not authorized on the itinerary, but the driver feels that the activity trip conditions warrant an extended check-out time, that driver should contact the Transportation Department to discuss their concerns prior to departure.

In the event the schedule changes while on the trip, and the change would cause the driver to be on the bus an extended amount of time, waiting on student pick up, the driver should contact the Transportation Department about an extended motel/hotel check-out time.

Section 29.3.4 – Mid-Day Supplemental Runs

Mid-Day Supplemental runs will be assigned in the following order:

- 1) To the driver from the list of drivers who call in, when assigned to them does not cause the employee to go into overtime. *
- 2) To the driver from the list of drivers who call in, when assigned to them causes the least amount of overtime.
- 3) In the event no regular driver volunteers for a mid-day supplemental run, the run may be assigned to a substitute driver.

A revolving rotation list, based on seniority, will be used to assign mid-day supplemental runs.

Mid-day special education supplemental runs will only be assigned to special education trained drivers.

Drivers who need to take their middays off must follow Department / District procedures for utilizing paid or requesting unpaid leave.

*Drivers, when calling in for a mid-day supplemental run should indicate to dispatch whether the additional work will put them into overtime status.

When an assigned driver is absent for the whole day, the driver's full run (hours) will be given to the substitute driver. When a driver asks for the midday run off, the midday run shall be given to a regular driver on a rotation list by seniority. When a driver is going to be gone for the midday run and either the a.m. or p.m. run, the midday run shall be given to a regular driver and the a.m. or p.m. run may be given to a substitute driver.

Section 29.3.5 – Extra Work

Non-Immediate Extra Work:

- Employees who desire non-immediate extra work will enter their names on a sign-up list.
- Non-immediate extra work will be assigned from the sign-up list, by seniority on a rotating basis.
- To be assigned, the extra work must fall outside of a driver's route.

Immediate Extra Work:

- When there is a need for immediate extra work, work will be assigned to drivers who call in when announced; however, if the extra work requires an immediate response, the extra work will be assigned to available drivers in the breakroom by seniority.
- To be assigned, the extra work must fall outside of a driver's route.

Extra work will be assigned to regular drivers before assigning to substitutes.

Section 29.4 –Driver Meetings

Scheduled driver meetings will have content and/or activities of at least one (1) hour. Drivers who attend scheduled driver meetings that are held outside of drivers' scheduled hours will be compensated for a minimum of one (1) hour and are expected to participate for the full hour. If a driver chooses to attend either less than one (1) hour or less than the total meeting time, he/she will be compensated only for the time he/she attended the meeting. This applies to scheduled driver meetings and is not applicable to occasional meetings that are called to address transportation issues that require immediate attention that may extend an employee's work day. Such occasional situational meetings will be compensated as time worked.

Section 29.5 – Pre& Post-trip Duties

Each a.m. and p.m. run shall consist of one fifteen-minute (15-minute) a.m. pre-trip and one ten-minute (10-minute) p.m. pre-trip plus thirty (30) minutes of cleanup per day consisting of a.m. post-trip fifteen (15) minutes and p.m. post-trip fifteen (15) minutes. Routes that have layovers of fifteen (15) minutes or greater duration shall utilize layover time as additional cleanup time.

Section 29.6 Substitute Bus Drivers

Previous "regular" school bus drivers who either reduce from a regular position to sub, or come from another district to be a substitute, with at least 5 years' experience as a school bus driver, will be placed on the 5-year step and not advance past that step as a substitute. For grievances by multiple grievants dealing with the same issue, but different administrators, they shall be consolidated at Level One for the same administrators, and at Level Two for further proceedings.

In matters dealing with alleged violations of union rights the grievances shall be initiated at Level Two.

Section 30.4 – Rights to Representation

A grievant may be represented at all stages of the grievance procedure by him/herself, or at his/her option, by the Union. If an employee presents his/her own grievance, without union representation, the settlement of the grievance will not be inconsistent with the terms of this Collective Bargaining Agreement.

Section 30.5 – Time Limitation

Formal filing of a grievance, as hereinafter set forth, shall be initiated by the employee in writing within thirty (30) days of the occurrence of the action which is the basis of the controversy or within thirty (30) days of the time when the grievant could have been expected to have learned of the occurrence, or the grievance will be deemed waived. If the stipulated time limits are not met by the District at one level, the grievant shall have the right to appeal the grievance to the next level of the procedure. If the stipulated time limits are not met by the grievant, the grievance shall be deemed waived.

Section 30.6 – Procedure

It is important that grievances be processed as rapidly as possible. The number of days indicated at each level should be made to expedite the process. The time limits specified may, however, be extended by mutual agreement.

It is expected that employees and supervisors will be able to discuss differences in a setting which provides for open communications and reflect an understanding of the individual’s concerns, job responsibilities, and the best interests of the District. Informal discussions between the employee and supervisor should take place before a formal grievance is filed.

1. Level One

If a grievance is not settled after informally discussing it with the immediate supervisor, the employee may file the grievance in writing (Form A) with the immediate supervisor within thirty (30) days. The grievance shall cite the specific Article and Section of the Agreement that has been violated and the remedy sought.

The immediate supervisor will arrange for a meeting to take place within six (6) days after receipt of the grievance. The supervisor shall provide the grievant and the Union with an answer to the grievance, together with the reason(s) for the decision, within six (6) days after the meeting.

2. Level Two

If the grievance is not settled at Level One, then the grievance may be referred in writing by the employee and the Union (Form B) to the Superintendent or designee within ten (10) days after the grievant receives the supervisor's answer at Level One. The written grievance shall give a clear and concise statement of the alleged grievance, including the facts on which the grievance is based, reference to the specific terms of the Agreement that have been violated, the issues involved, and the remedy sought. The Superintendent or designee shall arrange for a meeting with the grievant to take place within seven (7) days after receiving the notice of appeal. The Superintendent or designee will have seven (7) days to provide a written decision, together with the reasons for the decision to the Union and the grievant.

3. Voluntary Mediation

Mediation - Upon mutual agreement, the District and the Union may use mediation services of the Public Employment Relations Commission (PERC) to assist in resolving disagreements when circumstances warrant, before proceeding to binding arbitration. Such agreement or disagreement shall have no effect on the consideration or result of a grievance review and/or arbitration decision. Timelines for binding arbitration shall be suspended pending the outcome of mediation.

Section 30.7 – Binding Arbitration

1. The provisions of binding arbitration shall apply only to controversies brought by the Union against the District regarding the true intent and meaning of any provisions of this Agreement or regarding a claim that a commitment made in this Agreement has not been honored.
2. If the grievance is not settled at Level Two or Voluntary Mediation, the Union may submit it (Form D) to Binding Arbitration. This shall be done within thirty (30) days after the conclusion of the voluntary mediation step or thirty (30) days after either party declines voluntary mediation. Within ten (10) days following the receipt of any such request, the Board of Directors or its designee and the Union shall each appoint a representative. Within five (5) days following the appointment of such representatives they shall jointly appoint a hearing officer. In the event an arbiter is not agreed upon, the parties shall jointly request the services of the American Arbitration Association. The arbiter shall be selected by the AAA in accordance with its rules, which shall likewise govern the arbitration proceeding.

Within ten (10) days following the selection of a hearing officer, a hearing shall be scheduled. Both parties shall be notified in writing of the date, time, and place of such hearing at least three (3) days prior to the date established for the hearing.

The hearing officer shall preside at the hearing.

The hearing officer shall limit him/herself to the issues submitted involving the grievance and shall consider nothing else. S/he shall have no authority to add to, subtract from, or change the Agreement between the parties, but shall be permitted to rule on the arbitrability of the issues raised by the parties.

The decision of the hearing officer shall be binding on both parties.

3. **Costs**

The cost of the arbitration shall be shared fully by the parties, provided however, the hearing officer may award fees and costs to the prevailing party.

Section 30.8 – Exceptions to Binding Arbitration

The following grievances will not be covered in Section 30.7, so the decisions reached at Level Two or Voluntary Mediation shall be final.

1. Rights of the District as defined in Article II of this Agreement.
2. Any problems for which a specific remedy is provided for by law.

Section 30.9 – No Reprisals or Harassment
